Exceptional Closure

Thursday May 4th

Dear Parents and Guardians,

We have been notified this morning that there will be an interruption of electricity supply to our school on Thursday May 4th from 9 a.m. to 16.30 p.m.

Effectively this means that we cannot open the school on that day. There would be no lighting, heating etc.

We apologise for the inconvenience that this will cause to families but it is completely outside our control.

School will open as normal on Friday 5th.

Yours sincerely,

Fiona Rock

Principal
